

Taste of the Wild[®]

***A Grain-Free,
All Life-Stages Diet***

Years of domestication have turned your pets from fierce predators to best friends.

However, modern science proves that your dog or cat still shares the DNA of the wolf or wild cat. Taste of the Wild® Brand Dog and Cat Food offers your pet a diet dictated by his genes. It provides your pet with the kind of natural, balanced diet that he could find “in the wild.”

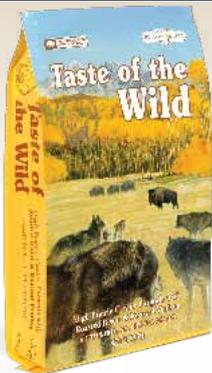

- ★ **Unique Animal Protein Sources**
- ★ **Grain-Free**
- ★ **Fruits & Vegetables**
- ★ **Natural Antioxidants**

This seal means your pet is receiving superior quality and nutrition. Watch for it on all Taste of the Wild products.

Now you can satisfy your dog or cat’s instinctual cravings with a Taste of the Wild®.

Choose from: High Prairie Canine with Roasted Bison & Roasted Venison, Pacific Stream Canine with Smoked Salmon, Wetlands Canine with Roasted Fowl and Rocky Mountain Feline with Roasted Venison & Smoked Salmon.

Made with real roasted meats and supplemented with fruits and vegetables, these grain-free formulas provide a superior taste sensation, highly digestible energy and natural antioxidants to support a healthy immune system and great overall health. Your pets crave a taste of the wild. Go ahead and give them one.

Taste of the Wild

Formula Features

No Grain – This grain free formula provides your pet with nutrition for optimal health and vitality.

Roasted Quail, Roasted Duck & Smoked Turkey – Found in our Wetlands Canine Formula. Lean protein, roasted and smoked for great flavor. These ingredients offer highly digestible protein to help your dog maintain the sleek condition of good health.

Roasted Bison & Venison – Found in our High Prairie Canine Formula. Lean meat, roasted for great flavor. These ingredients offer highly digestible protein to help your dog maintain the sleek condition of good health.

Roasted Venison & Smoked Salmon - Found in our Rocky Mountain Feline Formula. Lean meat, roasted for great flavor. These ingredients offer highly digestible protein to help your cat maintain the sleek condition of good health.

Smoked & Fresh Salmon – Found in our Pacific Stream Canine Formula. Rich in omega fatty acids, these ingredients offer highly digestible protein to help your dog maintain the sleek condition of good health.

Protein Blend For Optimal Amino Acid Profile – Amino acids are the building blocks for a healthy body. Multiple protein sources ensure that adequate building blocks are available to meet your pet's needs. Ocean fish meal provides the added benefit of marine source omega-3 fatty acids, important for a healthy immune system, healthy skin and a shiny coat.

Digestive Support System – Dried chicory root and yucca schidigera extract, along with fermentation products, work together to help support a healthy digestive system.

Antioxidants – Antioxidants protect your pet's body from damaging free radicals. Fruits and vegetables provide natural antioxidants and guaranteed levels of zinc, vitamin E and selenium help support optimal cellular health.

Omega Fatty Acid Blend – Omega-6 and Omega-3 fatty acids work together to help maintain healthy skin and a shiny coat as well as overall good health.

All Life-Stages Nutrition – Formulated to meet the nutritional needs of your dog or cat throughout all stages of life.

Blueberries & Raspberries – Berries are packed with powerful antioxidants to help keep the body healthy as the days go by.

Tomatoes & Tomato Pomace – Natural sources of antioxidants and vegetable fiber to help support overall good health.

Chelated Minerals – During the digestion process, minerals are attached to proteins for absorption from the digestive tract. We include proteinate in our recipe to help promote easy absorption for optimal mineral nutrition.

Our Guarantee of Quality!

Taste of the Wild Pet Foods is committed to providing quality products.
